

The Old Monktonian Club votes for change!

At the recently held EGM (Extraordinary General Meeting) at the School on December 12th, Club Members voted overwhelmingly for the modernisation plan suggested by the OM Committee earlier in the year.

The voting was 92% in favour of the plan, 0% against with 8% abstentions. Roberto Dionisio (current President) and many of the Committee were delighted with the positive endorsement of these proposed changes.

“This EGM vote of support complements the majority vote taken by paper and e-mail in May 2009 which showed that 97% of the voting OM/OC membership supported the modernisation plan. 2010 is now the year in which these changes will be enacted and an even better OM Cub created for all new and existing members”

Richard Fothergill
(OM Club Chairman)
